1 Introduction

The wake behind a cylinder is governed by equation (1), drawn in figure 1 and discussed in section 3, following [1].

1.1 Background

Background text on the first page.

2 Method

2.1 Equations

Some text before the equation.

$$\partial_t u + u \cdot \nabla u = -\nabla p + \nu \Delta u \tag{1}$$

Some text after the equation.

3 Results

Figure 1: A box standing in for a wake.

4 Conclusion

The end.
